

Wascana Jr. Explorers

This is a weekly summer program for children that focuses on nature. We will focus on a different aspect or species in the Habitat Conservation Area each week. Please mark each week in which your child(ren) is/are interested.

<input type="checkbox"/>	June 8	Myrtle the Turtle
<input type="checkbox"/>	June 15	A Step in the Food Chain

Wascana Junior Explorers Program Details

Please drop your children off at the Habitat Conservation Area gate on Assiniboine Avenue at least 10 minutes before start time.

Ensure that children have appropriate clothing for hot weather, as well as good footwear for walking in the Habitat Conservation Area (no sandals or flip flops). Children should have water, bug spray and sun protection, as well as a snack if you wish to pack one.

The pickup location will be the same as the drop-off location.

Parents will be notified as soon as possible (preferably the day before) if the program must be cancelled, due to extreme weather.
